*Register of Deaths*  
*Thurston County, State of Washington*  
*1891-1907*

Originally published by the Olympia Genealogical Society

Originally compiled by  
Barbara Dayton Lawrence and Janice Cummings Smith

These records were compiled from the "Register of Deaths, February 1891 through May 1907" and from death record documents which are in the Auditor's Office at the Thurston County Courthouse in Olympia, Washington. The deaths are listed by first letter of the surname, and then, in most cases, chronologically by the date the death was reported or recorded.

All information included in the "Register" is included here. In addition, pertinent information from the death documents which was not recorded or which differed from that in the "Register" is included and is enclosed in parentheses in its proper place. There were also some documents of deaths that were never recorded in the "Register." In those cases, the deaths have been included here, and the entire entry is enclosed in parentheses.

It is suggested that researchers read ALL names and consider ALL possible spellings of names for which they are searching.

Semi-colons have been used in each entry to set apart the various sections of the death information as follows:  
 SURNAME, given names, sex-race-marital status, death date, age, place of death, cause of death; birthplace; residence at time of death; occupation; father's name and birthplace; mother's name and birthplace; person filing the report – certificate number. (Numbers were used only through mid-1901.)

The following abbreviations have been used in this publication:

- |   |                      |
|---|----------------------|
| b - born (date and/or place)  | B - Black            |
| C - Chinese   | d - died             |
| DR - Death Record   | f - father           |
| F - Female  | I - Indian           |
| J - Japanese  | m - mother           |
| M - Male  | nk - not known       |
| occ - occupation  | res - resided        |
| S - single  | W - white or widowed |
| sic - copied just as shown in "Register" although appears to be incorrect   |                      |
| W - white or widowed  |                      |
| ? - record is not clear   |                      |
| [ ] - compiler's comments   |                      |
| ( ) - information taken from the file that augments, clarifies or differs from information recorded in the "Register" |                      |
| * - check for additional entry; person appears to be entered more than once   |                      |
| _____ - information is not shown in the "Register"  |                      |
